## Paul the Policeman

One sunny day, Paul the Policeman was eating his lunch in the city park. Suddenly, he looked up and saw a duck stealing a big bag of grapes from the nearby fruit shop. Paul the Policeman threw down his sandwich and ran after the cheeky duck, calling his other police friends on the radio for backup.

Soon, the duck was surrounded by Paul the Policeman and his other police friends. It had nowhere to hide. Paul then discovered that the duck was actually the famous Fruit Shop Bandit who had been stealing fruit from shops all over the city.

Paul the Policeman put the duck in his police car. He turned on the sirens so that he could quickly rush the duck down to the police station for questioning.

Later that week, the chief police officer gave Paul the Policeman a special award for his great work. Thank goodness he had captured the *Fruit Shop Bandit*... the city was safe, at last!

## Don't be Late for School!

Amelia woke up and saw that she was running late for school. She jumped out of bed and started to get herself ready. She couldn't be late again, as she was already in trouble with Mrs Holder for being late two days last week! As quickly as possible, Amelia put on her school uniform, tugged on a pair of socks and shoved her feet into her black school shoes.

Amelia then looked in the mirror. Her hair was a mess! She grabbed her hairbrush and yanked it through her hair. Amelia splashed some water on her face and then ran downstairs to have some breakfast. She slid two pieces of bread into the toaster and grabbed herself a glass of juice while she waited. Stuffing toast into her mouth, Amelia ran back upstairs to brush her teeth.

On her way out the door, Amelia grabbed her school bag and started running down the driveway. That's when she remembered she had forgotten her lunch!

Amelia ran back to grab her lunch off the kitchen table. She was finally on her way!

## Don't be Late for School!

- Which one of these things did Amelia **not do** before having breakfast?

## Milkshake Mania!

"You can feel the excitement in the air," said business owner Mary Milkmaid. Today was the grand opening of Mary's Milk Bar.

"I will be serving the best milkshakes in the world!" declared Mary as she cut the ribbon at the official opening.

Mary makes the milkshakes using 2 scoops of ice-cream, 3 shots of syrup and 2 cups of creamy milk. She says that she makes every milkshake with love and that it is the best milkshake you will ever have.

Travis was the first person to order a milkshake from the new milk bar. He decided to have a chocolate one. "I think chocolate is the best. I'm sure all of Mary's milkshakes are great though," he said as he slurped on his chocolate milkshake.

On the opening day, Mary sold one hundred and eight milkshakes. She declared the day a great success and couldn't wait to make more milkshakes tomorrow!

# MOVING LINES

## ACTIVITY INSTRUCTIONS

### Task

Experiment with using line to create movement, in the style of Op Art. You may choose to work in black and white or in two contrasting colours.

### Materials

A lead pencil

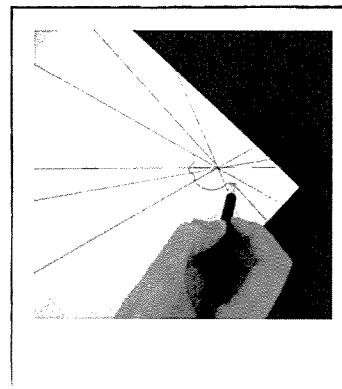

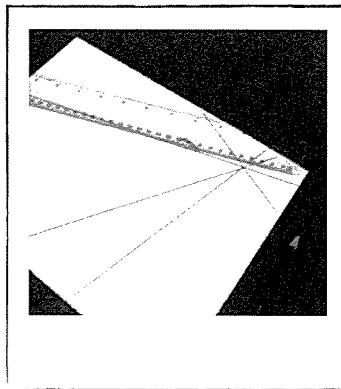

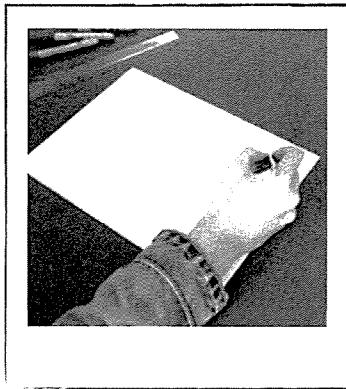

White card

Ruler

2 contrasting coloured felt pens OR a black felt pen

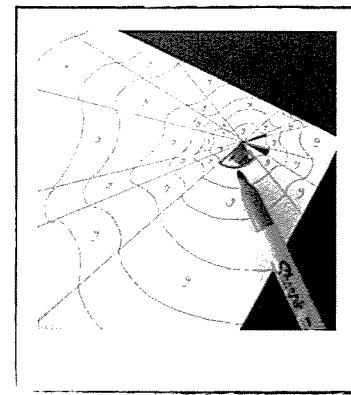

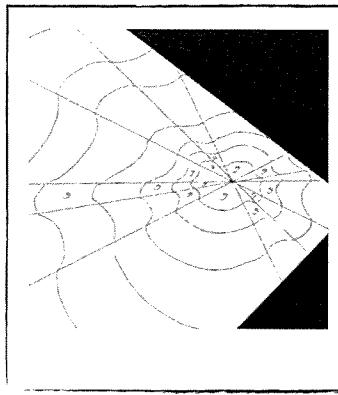

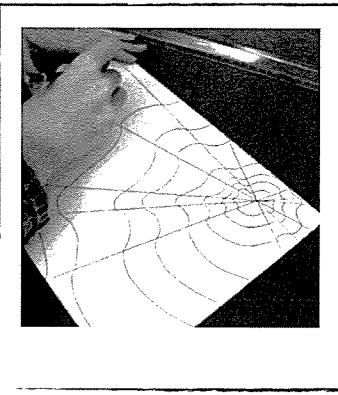

Ideally, fine-tip felt pens in the same colour

### Procedure

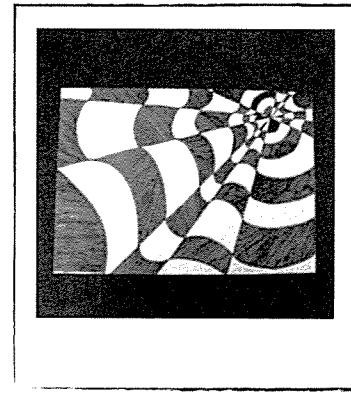

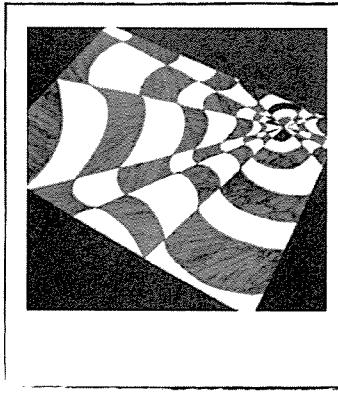

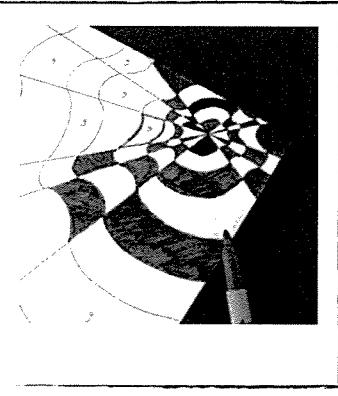

1. Using your lead pencil, place a small, off-centre dot in the top (or bottom) third of the card.
2. Using a ruler, draw 6 lines that start at the edge of the page and pass through the dot, so the lines all intersect. Each line should start and finish at an edge. These intersecting lines will create triangular sections. Try to place your lines so that the sections are different widths, i.e. they're not all equidistant.
3. Start in one triangular section and draw a curved line across to the next section. Join this section to the next, but change the direction of the curve.

### **Procedure (cont.)**

4. Continue creating concentric curved lines, alternating the direction of the curve for each section. Gradually widen the bands as you move away from the dot where the lines intersect.
5. You will need to colour alternate segments until they resemble a chequerboard. To avoid mistakes, label each segment in pencil first, so you know which colour to use.
6. Start at the point where the lines intersect. Choose 1 colour and begin to fill in the alternating segments. Work your way around the design. It is best to use a fine-tipped pen at first, because the segments close to the dot are so small.

7. Gradually work your way out from the centre, shading the segments and using a thicker felt pen once the segments become larger.
8. If you are working in a single colour, or in black and white, leave the rest of the segments white. If you are using a second colour, fill the contrasting segments in the same way.
9. When you are finished, your artwork should confuse the eye and appear to move by itself.
