

Adjectives

Comparative and superlative adjectives
(used when comparing things)

Adjectives can be used to compare nouns. There are degrees of comparison.

The comparative form is used when comparing two things; the superlative form is used when three or more things are being compared.

Adjective	Comparative	Superlative
thin	thinner	thinnest
short	shorter	shortest
large	larger	largest
(change the i to y) easy pretty	easier prettier	easiest prettiest
(words of more than two syllables) comfortable interesting beautiful	more comfortable more interesting more beautiful	most comfortable most interesting most beautiful
(exceptions) good bad far many/much little/few	better worse further/farther more less/fewer	best worst furthest/farthest most least/fewest
