

*Deep down in our hearts we are  
Praising and sending  
Our love for our school  
and the part it has played.  
In guiding our footsteps  
with care never ending  
By far the best school  
that was ever made.  
There, many friendships  
have started to blossom  
And lasting the year through  
Have bound us to you.  
Our hopes and ideals will  
always be with us when we all  
remember that grand  
Plattsburg School.*
