

Number Sequences- Elderberries
Week 4 - Monday

In this activity, you need to fill in the missing numbers of each number sequence.

Hint: ascending means from going up from smallest to biggest. Descending means going down from biggest to smallest.

Can you complete the following ascending number patterns?

| | | | | | | | |
|----|------|------|------|-----|----|------|-----|
| A) | 45 | 50 | | 60 | 65 | | |
| B) | 103 | 106 | | 112 | | | 121 |
| C) | 505 | 515 | | 535 | | | 565 |
| D) | 1033 | 1036 | 1039 | | | 1048 | |

Can you complete the following descending number patterns

| | | | | | | | |
|----|------|------|-----|------|------|----|------|
| E) | 120 | 110 | | | 80 | 70 | |
| F) | 460 | | 454 | 451 | 448 | | |
| G) | 2375 | 2370 | | 2360 | 2355 | | |
| H) | 4130 | 4127 | | | 4118 | | 4112 |

Can you make 2 of your own number sequences going up or down by 3? Pick a random number to start.
